

To All Members of the Calgary North West Ringette Community:

PLAYER SECURITY

The purpose of this memo is to reiterate Northwest Calgary Ringette Society policies related to player security, and introduce the “2-Adult” rule for the 2010/11 season:

1. Males are not allowed in the change rooms of Petite teams and above, except for coaches when the players are fully dressed prior to the start of the game (coaches’ pre-game briefing) and at the end of the game (coaches’ post-game briefing). Where players require male assistance tying skates, at Petite and above, they are required to leave the locker-room to secure the necessary assistance.
2. All members of the Executive, coaches, assistant coaches, team managers and other members of team’s bench staff are required to have completed a satisfactory security clearance performed by the Calgary Police Service.
3. The Two-Adult rule requires that if adults are required in the change room while the players are present, then a minimum of two adults are required at all times. Subject to 1) above.
